## WHY HEX OVER 401K?

**Control & Risk Management:** Gain full autonomy over your investments, free from intermediary oversight, while eliminating counterparty risks linked to employers or financial institutions.

**Returns & Inflation Protection:** Staking potentially offers higher yields than traditional 401(k) options and serves as a safeguard against currency devaluation.

**Market Independence:** HEX's decorrelation from the stock market provides a hedge against market crashes.

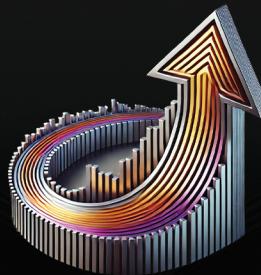

Based on a single HEX stake of \$304, (Average monthly 401k contribution), for 5,555 days & an average price appreciation of 3x every 4 years based on typical market conditions.

## A MODERN APPROACH TO RETIREMENT

### FLEXIBLE TERMS 1–5555 DAYS

Stake HEX from 1 Day to 15.2 Years. Split your HEX into different stakes, similar to a CD laddering strategy.

### HIGH YIELD 40% APY (AVG.)

Significantly outperforming the typical 5-8% returns associated with 401(k) plans.

### NO MIDDLEMEN SELF-CUSTODY

Your HEX is managed by you, not the bank. Cut out the middlemen and overhead fees.

# PulseX

## Why PulseX Farms Outshine Mutual Funds

### OUTPACE TRADITIONAL FUNDS

Unlock High-Yield potential with PulseX Liquidity Farms, offering APYs that can exceed the typical 1–3% of mutual funds.

### IMMEDIATE LIQUIDITY

Gain immediate access to your funds anytime with PulseX, unlike mutual funds that require a settlement period.

### DEFLATIONARY TOKEN

PulseX's PLSX token features a buy-back and burn mechanism, enhancing its value by reducing circulation with every swap.

### UNISWAP FORK

Powered by PulseChain, PulseX slashes swap fees by 100x compared to Ethereum DEXs, setting a new standard in DeFi.

### INCENTIVE TOKENS

Maximize your earnings with INC tokens awarded for liquidity provision, adding an extra profit layer beyond base APY through price appreciation.

### LOWER ENTRY BARRIER

Begin earning with PulseX using less capital. Unlike traditional mutual funds with high entry requirements, PulseX farming is accessible with minimal investment.
