CRYPTOCURRENCIES WON'T GO AWAY

Bitcoin turned \$1 into \$10 million in 15 years. HEX turned \$100 into \$1 million in 2 years.

HIGH YIELD TIME DEPOSIT

HEX is the world's first high yield Certificate of Deposit using Blockchain Technology.

HEX MONETIZES TIME

By locking all or part of your HEX between 1 - 5,555 days
you generate yield for yourself.

The average yield per year is currently at 38%.

That yield is
generated
on TOP
of the price
performance!

Disclaimer: APY as of 1/25. The advertised annual percentage yield (APY) is paid in the form of HEX, which is a digital asset.

CREATE A PASSIVE INCOME WITH MINING HEX

- > With mining HEX between 1 and 5,555 days you can create mining rewards for yourself.
- > The longer and the more HEX you lock in mining contracts, the higher the yield.
- > On average people are mining HEX for 6.6 years, generating just below 40% APY.
- > Bitcoin does not offer yield for incentivizing longterm holding.
