

# HEX IS THE WORLD'S FIRST BLOCKCHAIN CERTIFICATE OF DEPOSIT

This common investment tool is used by hundreds of millions of people worldwide, with a market valued in the trillions.

HEX uses blockchain technology to offer the same concept without the middleman.

This results in far better rates for investors, up to 38% APY.

Like many other digital assets HEX also offers SIGNIFICANT PRICE APPRECIATION.

In this domain too, it is without equal. Superior smart contract design has seen HEX become THE FASTEST-APPRECIATING DIGITAL ASSET IN HISTORY.
